Best used in tight spaces where the flames can impede enemy progress.</p>	 <p>Stun Grenade</p>  <p>Stun Grenade can temporarily stun enemies. Make great use of it when surrounded by enemies.</p>

EXOSUIT MANUAL: TANK & SUPPORT SUITS

ROADBLOCK

A heavyweight exosuit with supreme durability. Its shield increases the team's survivability.

RT Haymaker	RB Taunt
LT Ballistic Wall	LB Skid Dodge
LT > RT Shield Blast	Y + B Storm Drive

Taunt

Use Taunt to become the focus of nearby dinosaur attacks. Hold off the attacking enemies while friendly exosuits finish them off.

Shield Blast

Shield Blast can be used to knock back enemies Roadblock is fending off with its shield. The more enemies hit by the shield, the stronger the impact.

WITCHDOCTOR

Support suit that synergizes well with allies. Its abilities focus on repairing and buffing others.

RT Neuro Rod	RB Repair Zone
LT Feed	LB Rescue Leap
While jumping A Glide	Y + B Vital Aura

Repair Zone

Repair Zone generates a field that will repair allies who stand within it. Stick close to damaged allies and activate this ability.

Feed

The Feed ability can be used to heal and buff allies or to damage and debuff enemies. Witchdoctor's Neuro Rod will become fully charged when an enemy is hit by Feed.

RIGS

Rigs are pieces of equipment that grant Rig Skills to exosuits. Rigs can be changed via the Suit Change menu.

Experiment with rigs and suit combinations to find the ideal playstyle.

CANNON

Fires a powerful long-range laser. Use it to attack airborne enemies or enemies that are far away.

AID

Launches an energy projectile that produces a small repair field. Useful for healing on the go.

CATAPULT

Performs a quick boost jump. Perfect for repositioning or making a quick escape.

CRAFTS

Craft chips will be rewarded after a certain number of enemies are defeated. These chips can be used to make and place craftables on the battlefield.

All suits can use crafts, so be sure to use whatever craft the state of battle calls for.

Using Crafts

- Acquire craft chips and press the **B** button to place a Wall.
- Hold the **B** button to preview its placement.

The number of craft chips currently held is displayed in the bottom right of the HUD.

Walls are powerful defensive crafts that protect from enemy attacks while allowing allied attacks to pass through.

DOMINATORS

- Hold **X** to pick up
- Hold **Y** to equip or cancel
- Hold **RT** to activate while equipped

Dominators are special rigs granted to exofighters by Leviathan that allow exofighters to summon and control a large dinosaur.

Use these beasts to invade the enemy's dimension and impede their progress.

T. REX

A large dinosaur with extremely powerful and long-reaching attacks.

👁️ Gnash **RT**

Damage enemies with a swift biting attack. Hold **RT** to do a 3-hit combo.

🗑️ Boulder Toss **RB**

Kick a boulder into the air and smash it with the tail to send rubble flying forward.

🏊 Flying Gnash **LT**

Jump high in the air to damage airborne enemies before damaging enemies on the ground upon landing.

👄 Raging Rend **Y+B**

Pounce on enemies and crush any foe unlucky enough to be caught in the deadly jaws.

TRICERATOPS

A large dinosaur boasting frontal defenses and powerful charges perfect for obstructing the enemy's progress.

👁️ Charge **RT**

Charge while holding **RT**. Hit and drive enemies into a wall to deal significant damage on impact.

➡ Slam **LT**

Charge in the direction of **LS**. Move **LS** while charging to change course.

👊 Grand Impact **Y+B**

Deal massive damage to surrounding foes by trampling them with the Triceratops' full weight.
